 9. In turn, your partners will **ALSO** put **you** on their list of 5 people, so they will let you know which capture page (out of the 5 reports) they need from you. [[Watch Instructional Video](#)] **Copy Report URL's from browser**

You now have 10 leads on your list from your **Leads Like MAGIC** capture page, and ANOTHER 50 from your 5 partners after *their* leads have opted in to CAPTURE PAGE #1 that you gave to your partners for the next free report! For a grand total of 60 people! *(This is an estimate).*

Just think how many people will be on your list when you drive more than 10 people to your **Leads Like MAGIC** Capture page!

* It's best to choose 5 people that have a different list than you. So if you have team mates that you want to partner with, MAKE SURE their email message series is different from yours, otherwise choose people who are in a business separate from yours.
